

# Uvex Stealth® Goggle Retainer

The Uvex Stealth® Goggle Retainer for hard hats makes it even easier to wear our most popular goggle, the Uvex Stealth. Designed to attach flawlessly to most hard hats, the Uvex Stealth Goggle Retainer helps ensure workers' eyes are protected by creating a proper, gap-free seal around the eyes. With its simple design and high level of adjustability, the Uvex Stealth Goggle Retainer makes it easy to get a comfortable, secure fit whenever goggles are required. When not in use, goggles stay close at hand, further helping to keep workers safer on the job.

Shown: Standard Hard Hat Version

## Product Details

- Ideal for use in industries such as oil and gas, chemical, manufacturing and construction where workers are required to wear hard hats and goggles
- Simple, easy-to-use design helps ensure a tight seal around the eyes for improved protection
- Neoprene straps are easy to adjust — even when worn — to quickly provide a secure and comfortable fit
- Holds goggles securely to hard hat when not in use, keeping goggles close at hand when needed
- Durable materials resist chemical and UV degradation for long-lasting outdoor wear
- Available in two models to fit standard, cap-style hard hats or full brim hard hats (*not for use on hard hats with "rain gutters"*)
